

Program for the 2023
Informal Gathering on Atmospheric Science and Photochemistry (IGASP)
Symposium

Friday, October 27, 2023

California NanoSystems Institute, UCLA, 570 Westwood Plaza, Los Angeles, CA 90095

8:00 – 8:30am	Arrival and Breakfast
8:30 – 8:45 am	Welcome
8:45 – 9:25 am	Rima Habre, USC: Parallels between atmospheric chemistry, indoor environments, and personal air pollution exposures for understanding health risks
9:25 – 9:40 am	Break
9:40 – 10:20 am	Haofei Zhang, UCR: Multiphase Oxidation of Organic Aerosols: New Insights into the Kinetics and Reaction Mechanisms
10:20 – 10:50 am	Poster Madness 1
10:50 – 12:00 pm	Posters
12:00 – 1:00 pm	Lunch
1:00 – 1:40 pm	Jonathan Slade, UCSD: Sea Spray Viscosity: From In Situ Extraction to Photosensitized Degradation of Emerging Contaminants
1:40 – 2:10 pm	Poster Madness 2
2:10 - 4:10 pm	Break + Posters
4:10 - 4:50 pm	Pablo Saide, UCLA: Recent findings to improve wildfire smoke predictions
4:50 – 5:00 pm	Wrap-Up
